

U.S. May Send Troops to Aid South Viet Nam

By W. B. RAGSDALE JR.

WASHINGTON (AP)—The United States is considering sending U.S. troops to help South Viet Nam fight off Communist attacks, expected to grow stronger when the rainy season ends later this month.

U.S. officials consider South Viet Nam the main target of the Communist drive in Southeast Asia. If the government of President Ngo Dinh Diem should fall, they say, Thailand, Malaya, Burma and Cambodia would be dangerously weakened.

High State Department sources revealed privately Friday that sending troops to South Viet Nam was under consideration.

Press officer Joseph Reap, while not specifically confirming this, did not rule it out.

In answer to questions, Reap said: "In view of the serious situation there, due to increasing Communist attacks against government defense units, we are considering various means of assisting the Viet Nam government against Communist efforts to take over the country."

Diplomat Admits Aiding Girl Friend

By GEOFFREY GOULD

WASHINGTON (AP)—A State Department security officer says former U. S. diplomat Irvin C. Scarbeck admitted getting his Polish passport out of Poland into West Germany with the help of Polish intelligence agencies.

Scarbeck, 41, former second secretary of the American Embassy in Warsaw, is accused of slipping secrets to Polish agents while trying to protect himself and his girl friend, Ursula Discher, from blackmail and threats.

The security officer, Kenneth W. Knauf, testified Thursday that when he talked with Scarbeck June 5 in Frankfurt, Germany, Scarbeck at first denied he had ever been blackmailed by Polish Communist agents to turn over secret documents from the U. S. Embassy in Warsaw.

But he said Scarbeck soon admitted "he agreed to furnish them provided they would not affect the security of the United States. In answer to their demands for ciphers and codes he assured them he would not cooperate to this extent."

Scarbeck, who is married, is charged with turning over to the Polish Reds four secret embassy papers.

He managed to get Miss Discher out of Poland and into West Germany in April, Knauf said. Scarbeck admitted he obtained a passport for Miss Discher "by intercession with Polish intelligence agencies."

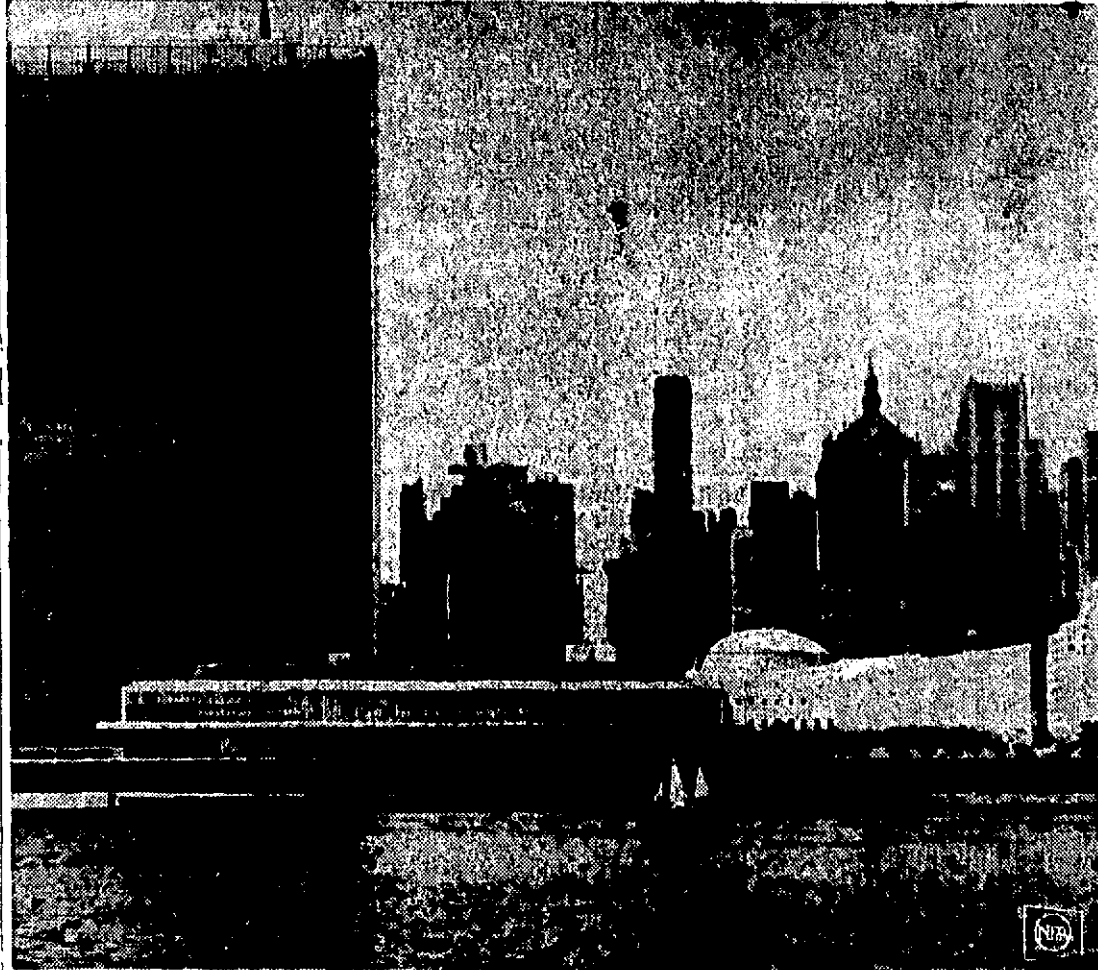

Defense counsel Samuel Klein said he would object to the admission of Knauf's testimony as evidence, and Federal Judge Leonard W. Walsh dismissed the jury until Monday.

Before the jury left, Miss Discher, 22, completed two days of apparently reluctant testimony about her affair with Scarbeck, a police raid which caught them in bed, to West Germany. Her testimony was translated by a State Department interpreter.

"He financed me, he kept me," she said. "I was fully kept by Mr. Scarbeck."

The former won in the daily category; the latter, in the weekly.

The Springdale News received the Arkansas Democrat Trophy for general excellence among daily newspapers, and the Dumas Clayton, the Pine Bluff Commercial Trophy for general excellence among weekly newspapers.

Arkansas Power & Light Co. presented trophies to a daily and a weekly.

46 Communists Killed at Saigon

SAIGON, South Viet Nam (AP)—Provincial guardsmen, in a bayonet and pistol assault, have killed 46 members of a Communist battalion southwest of Saigon in the swampy Mekong Delta, the government announced today.

The battle, Wednesday, was the latest in a series and brought the total Viet Cong reported killed in the past 10 days to above 250.

It seemed another indication that while there was concern about the threat from the Laotian border to the north—most of the actual fighting is still in the delta region.

The communists said civil guardsmen and militiamen, not regular army forces, fought in the latest battle in Kien Hoa Province, about 60 miles southwest of Saigon.

Government losses were listed at three killed.

German Railway Wreck Kills 29

HAMBURG, Germany (AP)—Railroad officials counted today 29 persons dead and at least 45 injured after a packed suburban passenger train crashed into a halted repair train Thursday night.

The three-car passenger train had just left Breilner Tor Station in downtown Hamburg when it rammed into the repair train, which was loaded with wide steel beams used in bridge building.

Railroad officials said a track supervisor had given the passenger train the all clear signal by mistake.

U. S. Plans a Program for Aiding UN

By MILTON BESSER

UNITED NATIONS, N.Y. (AP)—The United States proposed today a seven-point program to put into action President Kennedy's proposal for making the 1960s "the United Nations' decade of development."

It put emphasis on increasing funds for technical assistance to underdeveloped countries and making more use of food surpluses in combating want in the world.

U.S. Ambassador Philip M. Klutznick outlined the program to the U.N. General Assembly's 100-nation Economic Committee, where a formal resolution for assembly approval will be presented in about three weeks.

Ranked No. 1 in the program is setting a goal of \$150 million for 1962 for the U.N. special fund and Expanded Technical Assistance Program. If the goal is reached it will mean the United States will contribute about \$60 million.

Klutznick attached special importance to the use of food surpluses.

"As we look ahead," he said, "we must develop increasingly effective ways of using food for the benefit of all the underdeveloped countries, including those who are food exporters."

Other points in the U.S. program:

1. Establishment of a financial service under the Special Fund to provide guidance and advice to developing countries.

2. The providing of expert advice to assist in development planning, taking into account both government and individual enterprise.

3. Establishment of research and demonstration projects in areas of special promise, such as desalinization of sea water, development of cheap power resources and improved weather control.

4. The increasing of the supply and training of technicians, professional and executive manpower for developing countries.

2 Lawmakers Get a Jump on Colleagues

Arkansians in Washington
By GORDON BROWN

WASHINGTON (AP)—With Congress now in adjournment most Arkansians members are back in the state for an autumn of political fence mending.

Some of them have reelection problems coming up in 1962.

Reps. Oren Harris and Dale Alford got a jump on their colleagues. Reps. E. C. Gathings and Wilbur Mills took off the day after Congress quit and planned leisurely trips home with stops on the way to visit relatives.

Reps. James Trimble and Catherine Norrell waited until last weekend before leaving.

Sen. John L. McClellan flew home late in the week.

Sen. J. William Fulbright will get to Arkansas this weekend. He plans a series of talks, appearances and visits. Barring some serious international development, he'll probably spend much of the autumn in the state, getting things lined up for his 1962 reelection run.

Except for McClellan, all the Arkansians will be up for reelection in 1962. Four of the House members — Mills, Harris, Alford and Mrs. Norrell — are vitally affected, of course, by the state's loss of two House seats and the redistricting of the six old districts into four.

As it stands, if they all run for re-election, it would be Mills against Alford, Harris against

3 Laos Princes to Pick Premier

By PETER SIMMS

HIN HUEP, Laos (AP)—Laos' three contending princes met in the middle of a ruined bridge at this frontier village today in an effort to decide on a premier for a future coalition government.

The meeting took place at the threshold of the dry season—which could be translated as the fighting season when rival forces again will be able to maneuver.

The three princes were Premier Boun Oum of the pro-Western Vientiane government, neutralist Souvanna Phouma and his backer and half-brother, Prince Souphanouvong of the pro-Communist.

After an hour's discussion the three princes decided to set up a committee to decide what has been agreed upon at truce talks at Ban Namone since May. Boun a list of candidates for premier to be submitted to King Savang Vathana. The other two factions want to submit only one name, Souvanna's.

Nasser, speaking slowly and with deep emotion, said that Cairo will not recognize any Damascus government "until the free will of the Syrian people is manifested and she herself decides her path."

Nasser indicated he wants a Syrian plebiscite stamping voter approval on the outcome of the revolt before he would be willing to exchange envoys. The Syria regime has promised elections within four months.

The Egyptian leader assailed governments that already have recognized the new Damascus regime.

He termed Turkey fascist, Iran pro-Israel, Jordan a feudal republic, Nationalist China an out-cast, and Guatemala a fruit company government.

TWA's plan for installation of semiautomatic navigation devices on overseas planes led to the strike threat. The Transport Workers Union of America contends the devices would replace 66 navigators.

U.S. and Russia Far Apart on Germany Issue

WASHINGTON (AP)—Despite a two-hour conference between President Kennedy and Soviet Foreign Minister Andrei A. Gromyko, the United States and the Soviet Union were reported still far apart today on ways of negotiating a peaceful settlement of the Berlin crisis.

Informed officials here consider the East-West dispute over Berlin still extremely dangerous. At the same time hope persists that a solution short of a military showdown will be found to end the crisis.

Kennedy and the Soviet foreign minister discussed the situation in the Oval Room of the White House late Friday and wound up their talks shortly after 7 o'clock without issuing any kind of formal statement.

As he climbed into his limousine to return to the Soviet Embassy on nearby 16th Street, Gromyko told newsmen the conversation had been "useful." Secretary of State Dean Rusk, who sat in on the discussion, merely called it "interesting."

Kennedy was understood to have told Gromyko in calm but very emphatic terms that the United States and its Western Allies are fully determined to defend West Berlin against Communist pressures, to preserve their right to maintain troops in the city, and to keep open the supply lines from West Germany.

Gromyko told reporters that the conversation had touched "several important matters" bearing on U.S.-Soviet relations and added: "Of course, as far as the position of the Soviet government is concerned, we stressed first of all the importance of the question of the peace treaty with Germany."

It appears that the conference at the White House covered much of the same ground that had been covered by Gromyko and Rusk in a series of three meetings in New York in the previous two weeks.

It was understood, moreover, that Gromyko still had not told U.S. leaders what Soviet Premier Khrushchev means exactly when he talks of guaranteeing Western access to West Berlin after he signs a peace treaty with Communist East Germany. Khrushchev has said that the peace treaty will establish East German sovereignty over the supply lines from West Germany and that thereafter the Western powers must negotiate with the East German regime for use of the supply line.

The present bobcat of the live, four-legged variety is not the first mascot which the Hope Bobcats have owned. Twenty-five years ago one was kept at Coach Foy Hammons' home on South Main Street near Hope High. A janitor named Bob, who worked at the school, took care of the cat. This proved to be an accidental combination of names, but a happy combination of circumstances.

The bobcat was well-cared for and not only made appearances at home games, but also made out-of-town trips with the team. They traveled by train, so the cat rode in the baggage car with the equipment. Only one accident occurred, and that was on the day the bobcat arrived in Hope.

In transporting the animal from the train to the coach's house, the bobcat got loose somehow. There was some quick work on the part of the men handling the cat, and he was caught by throwing quilts over his head. This blinded the animal temporarily and protected the men.

It was about that time that the local men who were on that Bobcat image became a part of the high school ring design. Some cat squad in '36 were Dick Moore, Woodrow Parsons, John Wilson, Mike Schneider, Hugh Reese and Roy Taylor. They could fill you in on any details omitted here.

Today, there are two stuffed bobcats at HHS as well as the live one. One of the stuffed animals is in the trophy case near the school auditorium, and the other is in Jones' Field House in a trophy case. One look at the stuffed bobcats or the live mascot will tell you better than mere words the significance of our team's name.

What is a bobcat? Definitions would vary from "an American wildcat" to "a Hope High football player." We are going to combine those definitions and talk about a four-legged bobcat at HHS — the team mascot.

Last June someone in the vicinity of Delight was delighted to catch a real bobcat. It changed carefully guarded hands several times before finally being given to Ray Wray, a member of this year's Bobcat squad.

Today the bobcat is kept at Bill Wray's Supply Co. in a red and white cage, which is escape proof. That last statement is certainly important, for a bobcat is a vicious little creature when turned loose.

As was expected by this writer, raw meat is its only diet. But what was surprising was the kind of meat the animal prefers — fish. To that extent it is like a domesticated, and though raw meat of other types are also eaten by him, chicken is the choice next to fish.

Hope High School Football Team's Mascot, a Real Live Bobcat, Small But Tough

As was expected by this writer, raw meat is its only diet. But what was surprising was the kind of meat the animal prefers — fish. To that extent it is like a domesticated, and though raw meat of other types are also eaten by him, chicken is the choice next to fish.

The carnivorous animal is fed only once a day, and the cage is big enough for him to get enough exercise even though confined. At each home game the Hope Bobcat mascot can be seen in its red and white improvised habitat that provides maximum protection for the observer.

Young Mr. Bobcat weighs between 18 and 20 pounds. That is an estimate, as no one has coaxed it in a scales. He is not fully grown yet, but he has a healthy appetite. Fans don't feel that the financial responsibility of the animal's care and upkeep should fall on the hands of one booster, and it has been learned that contributions may be taken to Bill Wray's Supply Co. or given to any Bobcat Booster Club member.

Hoffa's Pal Indicted by U. S. Jury

WASHINGTON (AP)—George Roxburgh, business agent of the home local of Teamster President James H. Hoffa, was indicted by a federal grand jury in Detroit today.

The Justice Department announced the indictment here, saying Roxburgh was charged with taking illegal payments from an employer.

Local 290, which he represents, is one of the largest in the International Brotherhood of Teamsters, with about 15,000 members. Roxburgh, 49, who has been business agent of the local since 1943, is the third Teamster official indicted recently on similar charges. Thomas H. Keegan, business representative of Local 710, and Edward J. Donovan, secretary-treasurer of Local 755, were named last month in indictments returned by federal grand jurors in Chicago.

Deputy Atty. Gen. Byron R. White said the Detroit jury named Roxburgh on six counts, including two of conspiring to receive illegal payments from firms employing members of his local.

White said Roxburgh was accused in one count of conspiring to receive \$200 a month from May 1959 until the present. A second conspiracy count specified no amount.

The other four counts accused Roxburgh of taking \$100 or \$200 on four occasions between November 1958 and January 1959 from the Interstate Motor Freight System of Grand Rapids, Mich. The same firm, which employs members of Local 290, was named in 48 counts returned against Keegan last Sept. 21.

The Taft-Hartley Act bars employing representatives from accepting payments from employers unless the payments are for wages or other specified purposes.

Tension May Be Eased in Berlin Crisis

By MICHAEL GOLDSMITH

BERLIN (AP)—An apparent switch from the hard to the soft sell by Communist leaders boosted hopes today for an easing of tension and possible postponement of an East-West showdown on Berlin.

Statements by Soviet Premier Khrushchev, Deputy Premier Anastas I. Mikoyan and East German Communist chief Walter Ulbricht all pointedly avoided reference to a signing this year of the Communist bloc's planned peace treaty with East Germany.

The phrase "this year" so often mentioned by Red chieftains in connection with the treaty plans was shelved in favor of vague terminology. All three statements, issued on the 12th anniversary of East Germany's Communist government, also avoided belligerent phrases.

Western sources speculated that the change in tactics of the time element may have been more than coincidental, in view of Soviet Foreign Minister Andrei A. Gromyko's meetings with President Kennedy and Secretary of State Dean Rusk on Berlin.

Khrushchev had repeatedly warned that a Soviet treaty with East Germany would be signed before the year is out.

Ulbricht acknowledged that the Western Powers, which joined with the Soviet Union to defeat Nazi Germany, did have a "certain interest" in Berlin.

The East German leader referred to the treaty only as "a task that can no longer be postponed." Mikoyan demanded a conclusion "in the most immediate future."

Khrushchev, in a message from Moscow, formally stamped his approval on the Berlin barricades. He called the erection of a wall dividing the city "a considerable contribution to the cause of peace."

U. S. Gifts Pose Problem in Africa

By FRANK CAREY

Associated Press Science Writer

DURHAM, N.C. (AP)—A British expert on African education said today "misdirected generosity" by American philanthropists has posed a threat to education in developing countries of the continent.

Dr. John F. Lockwood also declared that British-patterned schooling in British Africa has created an inflated prestige for the "white collar job," however humble, at the expense of agricultural development.

In an address prepared for a Duke University symposium on the health, education, economic and other problems of the world's one billion children, Dr. Lockwood, of the University of London, asserted:

"One cause of a good deal of anxiety during the last two years (in Africa) has been the sometimes 'brash intrusiveness'—as an American friend called it—of a number of American philanthropists and other bodies into the African scene with offers of scholarships and bursaries to take young Africans to the United States."

"Some of these offers have been thoroughly welcome," said Lockwood, long-time leader in furthering education in Africa.

"But where they tend in the direction of drawing off students from the indigenous (native)

Bobcats Humble Crossett by a 33-6 Score

Improving Hope Lads Romp for Decisive Win

By Vince Foster
 Hope Star Sportswriter

The Hope Bobcats proved themselves capable last night as they took their first victory of the season over their 4AA foe, The Crossett Eagles, by topping them 33-6. After four straight defeats the Bobcats fans hardly applauded the Bobcats before the opening kickoff, but minutes later and throughout the game, the eleven red and white tornadoes brought the stands to their feet after time with six different Bobcats scoring the 33 winning points.

The Bobcats took the kickoff and moved 59 yards in three plays, highlighted by two 18 yard scampers by FB Charles Dudley, to the Crossett six, but lost the ball there on a fumble. The Eagles couldn't move and kicked to the Hope 43. After numerous gains by halfbacks Crain, Porterfield, and McDowell plus occasional sprints from Dudley, the Cats moved to the victor's 5, where Porterfield carried it over. The PAT failed, and the Cats took an early lead of 6-0.

The Eagles came back strong and moved to Hope's 7, but fumbled there. The Cats recovered but also fumbled with Crossett falling on it. But a 15 yard penalty stopped Crossett there and the Cats moved out to their own 38, but here they again lost the ball on a fumble. The Bobcat line held here and took over at their own 33 on downs. Following a Porterfield scamper of 20 yards and Crain carrying for 30, Charles Dudley took it over for the score from the 20. Porterfield's conversion was good, and the Cats then lead 13-0.

Later in the second quarter Hope started another drive from the Bobcat 41. Plays later David Porterfield, showing some of the finest broken-field running Hope has known, scampered 37 yards to Crossett's 1, where QB Earl Ray Murphy took it over on the sneak. Porterfield's PAT put the Cats out front at half-time, 20-0.

The Hope Crossett band performed for the halftime entertainment.

Mid-way in the third quarter, Hope center Dan Jones snatched a blocked Eagle aerial out of the air on Crossett's 42 and fought his way to the 35. Porterfield carried 25 yards to the 10, where HB John Crain scooted for the final yardage.

The PAT failed, but the scoreboard read Hope 26, Visitors 0. Crossett's lone score came as a climax to a 67 yard drive with Bruce Switzer carrying the final couple of yards. Then the Hope second team, sparked by QB Mac McLarty and HB Jackie Russell, drove 61 yards to the Eagle 5, after a McLarty to Russell pass play which covered 36 yards. Here McLarty tossed to end Larry Thrash in the end zone for the final TD. Duval Moore provided the extra point, which wrapped up this Bobcat "track meet", 33-6.

Coach John Pierce commented, "The boys played good football. You could tell they wanted to win."

"It gives you a good feeling to win like this. Now I hope everyone will come out and support us," added Backfield Coach Jim Faulkner.

The coaches couldn't single out any one standout, since all the Bobcats really went out to win and hustled all the way. However, T-B Roberts and Chuck Beggs received the steaks for making the most tackles.

David Portefield almost outdid himself by gaining 155 yards rushing. Dudley pounded out 76 yards, and Crain took 59. They were followed by Tony McLarty with 15, Mutt Wassell with 24, Jackie Russell with 11, Richard McDowell with 7, Roy Wray with 4, and Bill Aldridge with 2. Other squad members not previously mentioned who added to the victory were: Cornpton, Yocum, Watkins, Caldwell, Beyerley, Marcum, Hatfield, Atchey, Cook, Morton, Brown, Still, Goad, Purdie, Walker, Butler, England, and Randolph.

This gives the Bobcats a 1-4

THE STORY: Don Willie of the Irishman's name was Don-ald O'Brian. He was slender and handsome, with brown wavy hair, friendly eyes, and sharply defined features.

His manner was reserved but friendly, and rumors attached themselves to him like steel filings to a magnet. In a society in which everyone was addicted to confessional outpourings, the Irishman was that frightening and mysterious person who kept his mouth shut and minded his own business. Lacking in concrete material of scandal, the village invented it. It was said that he was up to his pink ears in smuggling.

One night Beecher had fallen asleep up a beach a dozen miles from the village. He had been waked by a creak of oars, the sound of low voices. Sitting up he had seen the silhouette of a motor launch against the blurred horizon. Beecher had wanted no part of this, but someone had seen him; in a moment he was facing a group of Spaniards and talking to the Irishman.

"Your boat?" Beecher had said, with the inane feeling he had when making conversation at a cocktail party.

"As a matter of fact, yes. She's registered in Tangier. The captain's got engine trouble. B

A Closer Walk With God

Will Lead You Right Straight to Church

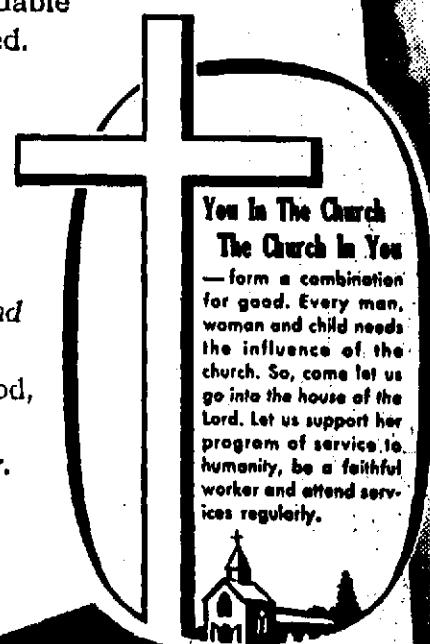

CHOOSE ANY Church

... to help you grow a better man out of your boy. Regardless of the Faith of the particular church you choose to help you... *your child will have more Faith if he is raised in the church.*

Of course the 'punk' will deny this but we have the assurance of a great God, that His Word and His Church will help to build great men; dependable men; men who can be trusted.

Then parents, say as Jesus said to you, "Take My Hand." And once your child takes hold... lead him straight to church. God has led both old and young alike to very high places. He can do it again. *We can be conquerors if Divine strength and wisdom flows in upon our souls.* Then let us abide in the will of God, obey His inviting voice and march like soldiers to victory.
